

BCP Securities, a US-based investment bank and broker dealer, is looking for an intern to work at its Rio de Janeiro office.
Focus of the internship will be in Credit Research.

Role: Credit Research Intern (Part-time, On-site)

Location: Rua Visconde de Pirajá 430, Ipanema, Rio de Janeiro

Quick Description

This is a part-time on-site internship role in Rio de Janeiro, RJ, for a Credit Research Intern. As an Intern, you will have the opportunity to work on day-to-day tasks related to financial modeling, market updates, market research, preparation of presentations and memos geared towards local and offshore Brazilian corporate bonds. You will gain valuable experience in the fields of finance and investment research.

Pre-requisites

- Currently enrolled in a relevant degree program for Finance
 - Finance, Economics, Business Administration, or Engineering preferred
- Advanced English comprehension, writing, and speaking
- Expected graduation in 2026.2 or later
- Available to work 6 hours per day

Desired Qualifications

- Strong analytical sense, financial modeling, finance and accounting
- Attention to detail and ability to handle complex data
- Excellent written and verbal communication skills
- Team player with effective collaboration skills
- Proficiency in Microsoft Excel and PowerPoint
- Basic/Intermediate programming skills (e.g., Python, VBA)
- **Preferred: participation in finance clubs/competitions or other previous practical experience in the field**

Resumes MUST be submitted UNTIL January 31th, 2024

Please submit resumes [through this link](#).

Selection process overview:

1. Resume screening
2. Finance/Accounting test
3. 2-3 rounds of interviews
4. Final proposal, if selected

Key Responsibilities

- Conduct financial modeling and analysis
- Prepare and update market research reports
- Assist in the preparation of presentations and memos
- Collaborate with local and international team members on various projects
