### ABOUT HASHDEX

Hashdex is a global pioneer in crypto asset management. Hashdex's simple and secure funds invite innovative investors to join the emerging crypto economy. Hashdex's mission is to provide educational resources and best-in-class products that advance its efforts to build pathways to prosperity by opening the crypto ecosystem to the world. The firm co-created and launched the Nasdaq Crypto Index (NCI) to provide global investors with a reliable benchmark for the crypto asset class. In 2021, Hashdex introduced the world's first crypto index ETFs, enabling over 250,000 investors to simply and securely add crypto to their portfolios. ### GLOBAL EXPANSION INTERN AT HASHDEX

We are looking for a high-energy strategy/finance individual willing to drive the crypto revolution. As a Global Expansion Intern you will be one of the early members of the team that is going to expand Hashdex globally! At the nexus of fund management, digital assets, technology and regulation, You will work on strategic and operational activities needed to evaluate and implement Hashdex's international expansion strategy, which will include entering new countries and verticals in the U.S., Europe, Asia Pacific and Latin America. As a key part of the Global Expansion team, You will help to build a reputable go-to-market playbook and execute it end-to-end in each country.

### RESPONSIBILITIES

- Support the Global Expansion Team in various activities to launch Hashdex in new markets and verticals.
- Produce insightful analysis on various topics such as market prioritization and entry strategies, competitive landscape and market developments.
- You will be involved in launching new countries working with various stakeholders on topics such as Product, Regulatory and Compliance, Go to Market, Partnerships with a lot of exposure to senior team members and to external partners.
- Work closely with Hashdex's global teams (Operations, Product, Technology, and Legal) to design and execute an operations and implementation process in each market.
- Contribute to create and to execute on a playbook to scale a crypto asset manager globally, in this fast moving and frontier space – from strategy, to partnership and day to day operations.
- Engage local stakeholders in the target countries, such as asset managers, exchanges, banks and distribution platforms, lawyers and others, to ensure that we are turning over all the rocks and are building a solid business case.

### REQUIREMENTS

- Students from the 3rd to the 8th semester of top tier Brazilian universities in Business, Economics, Finance or Engineering.
- Ability to aggregate information from a variety of quantitative and qualitative sources and make sensible business recommendations.
- Exceptional analytical skills and strong written and verbal communication skills.
- Independent, entrepreneurial and hands-on with a keen interest to learn about the digital assets and crypto industries.
- Genuine intellectual curiosity and excitement about navigating ambiguity and tackling multi-faceted business challenges.
- Meticulous attention to detail and strong organizational skills.
- Fluent in English.

### BENEFITS

- Competitive remuneration (*bolsa estágio*)
- Food/market and transportation vouchers (*ticket refeição/alimentação e vale transporte*)
